FEEDBACK FROM THE ALUMNUS:

- The faculty should explain to the students how the questions will come and in what way the answers can be presented right from the cycle tests to the end semester examinations.
- The students should be oriented towards more practical knowledge.
- The students should be provided with the knowledge about their department in the first year by conducting some induction program.
- Placement interest should be brought to the students from the first year itself.
- The students should be focused towards core company jobs and it can be implemented by Training and Placement cell.
- The students should be involved in more sports activities.
